Dedication

In view of the long and devoted service rendered to Armstrong College in his years as teacher and president, it is fitting that the '*Geechee* dedication of 1964 should go to Mr. Foreman M. Hawes in this year of his retirement as president of Armstrong.

It was twenty-eight years ago this January, only months after the opening of the college, that Mr. Hawes arrived on campus. A native of Richmond County, he had received his early education in that area, graduating from the Locust Grove Institute. He went on to earn his bachelor's degree at Mercer University and a master's degree in chemistry at Emory University. He served as instructor of chemistry at Georgia Tech for a while, and came to Armstrong in that capacity in the winter of 1936.

By 1942 Mr. Hawes had become advisor for student activities and Dean of Students. In 1943, when President J. Thomas Askew resigned to enter the war-time Navy, Mr. Hawes was chosen to fill the vacated post. He guided the college then through the lean years of the war, the post-war boom and the return to normalcy after the flood of veterans.

In his long term of office as president, Mr. Hawes' achievements have been numerous and varied. Under his guidance the college has acquired most of the buildings it now occupies. He obtained the use of the Georgia Historical Society's Hodgson Hall as the college library, expanded the science facilities of Gamble Hall, and presided over the transfer of the college from the city to the University System of Georgia. More recently he has been instrumental in forwarding plans for buildings on the new campus site which will soon be brought to fruition.

Besides these tangible signs of accomplishments, a more important and less obvious aspect of his administration is to be found in the standards of academic excellence that he has fostered. These are reflected in the success of Armstrong students at reputable senior colleges everywhere and the fine reputation that the college has throughout the nation.

Therefore it is with admiration and respect that we dedicate the 1964 '*Geechee* to President Foreman M. Hawes.

ADVERTISEMENTS

**EVERY YEAR A
900 MILE TRAINLOAD
OF FOREST PRODUCTS**

... VISUALIZE a train stretching from Savannah to New York City. Or from Savannah to Gary, Ind. Or to St. Louis, Mo. *Any idea how many freight cars in such a train?* Almost 100,000! Every year Union-Camp in Savannah loads such a train with products ranging from raw materials inbound to finished paper products and allied forest products outbound to supply the ever-growing paper needs of America . . . Our freight bill annually exceeds \$15,000,000. This points up the importance of adequate transportation facilities to the operations of Union-Camp's Savannah plant, the largest single pulp-to-container mill in the world.

In 25 years on the Savannah scene, Union-Camp has grown ten-fold. Today, over 5300 Savannahians and residents of nearby communities are employed in the plant, earning approximately \$33 million annually in wages. An added 20-odd million dollars is paid for pulpwood to forest land owners in the greater Savannah area.

Progress in *people, payrolls and production* has been the Union-Camp story. The future promises even more exciting possibilities for both Union-Camp and the Savannah Area.
